# How to Harness SMS for Lasting Subscriber Connections

**Ken Rapp**  
CEO, Blustream Corporation

# blustream®

## Ken Rapp CEO, Blustream

Topics I like to talk about:

- ✓ Family
- ✓ Music/Playing Guitar
- ✓ Product Ownership Experiences

What we're covering today:

- ✓ Huge Opportunity
- ✓ AI & SMS power  
Connected Subscribers
- ✓ AI & SMS Technology
- ✓ Step-by Step Approach  
for your business
- ✓ Compelling Financial  
Impact

Our mission is to connect you to your  
customers through  
innovative product experiences  
that grow your business

*Fact:*

**Connected  
consumers  
are worth  
10x their first  
purchase.**

Source:

McKinsey & Company – Nov 2021

# You're facing a financial crisis... higher CAC, falling retention lowering LTV.

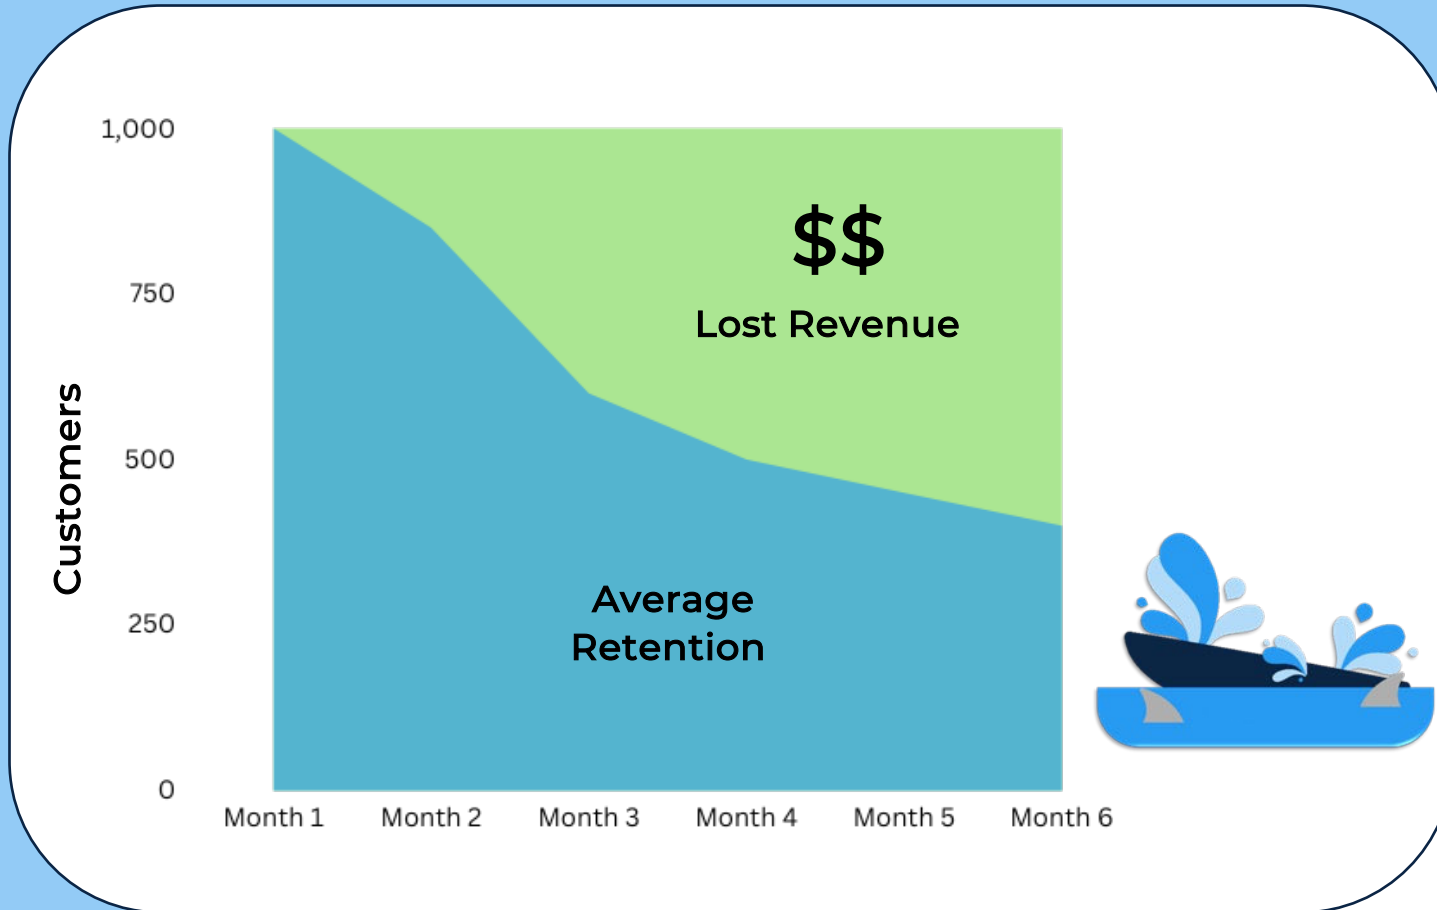

## 222%

Rise in CAC over the  
last 5 years.

Subscription-based companies  
**lose 50%**  
of their customers  
within  
**6 months.**

# Retaining more customers is the answer.

Increasing retention by

**5%**

can boost revenue

by **25%-**

**95%**

*Until Now...*

**There's been no  
easy way to create,  
manage and  
measure product  
ownership  
experiences.**

# How can AI & SMS power Connected Product Subscribers?

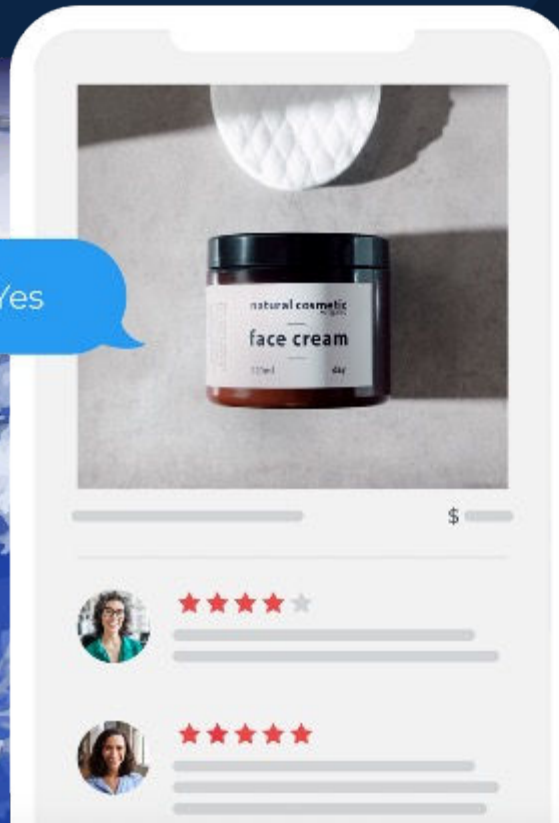

# At Blustream, we like to wonder: What if *every* product had a voice?

Are you using a toner with your new face cream?

Yes

Here's our guide for layering products for day and night.

# Using AI & SMS, your products can speak to their owners at key moments.

**UNBOXING**  
Personalized,  
digitized setup  
instructions

**USAGE**  
Optimized  
messages for  
unique usage cases

**CARE**  
Maintenance guides  
enabled by Zero-  
Party Data

# Food, Beverage, and Supplement Subscriptions

Hey Cassie, which smoothie did you decide to try first?

None of them. I didn't have any almond milk. 😞

We're here to help! You can blend 2 tbsp of almond butter with 1 ½ cups of water to make almond milk at home. Here are some other smoothie base ideas: [LINK](#)

Awesome! Thanks. I'll have one for lunch.

# Health-Related: Provide the right resources.

When were you diagnosed with diabetes?

2 months ago

Is there anything you're currently finding challenging with your experience?

Diet.

You're not alone! We have some resources we think you'll find helpful for that: [LINK](#)

# Pet Consumables & Services: NPS & 5-star Reviews.

What's Lucy's favorite flavor?

Nope! We are longtime fans!

Bacon & Peanut Butter!

Would Lucy be up for giving us a "4 paws up" review for her favorite flavor? [LINK](#)

Definitely!

# Rentals, Lessons, & Memberships: Usage-based sales.

Based on the number of hours Brian has played, it's time to change the strings. Would you like some help?

Yes please!

We'll walk you through step-by-step in this video. If you need more help, just text us #help. [LINK](#)

How did it go? Were you able to replace the strings?

Yep, no problem.

# How does the technology work?

# Available AI & SMS related technologies for Product Ownership.

- Zero Party Data
- Generative AI
- Natural Language Processing
- Machine Learning
- Large Language Models

# Zero-Party Product Data is the key.

*It's necessary for personalized experiences that lead to retention*

## What you have:

- ✓ Website behaviors
- ✓ Interactions with content, ads, & emails

## What it delivers:

- ✓ Segmentation and audience data for promotional marketing campaigns

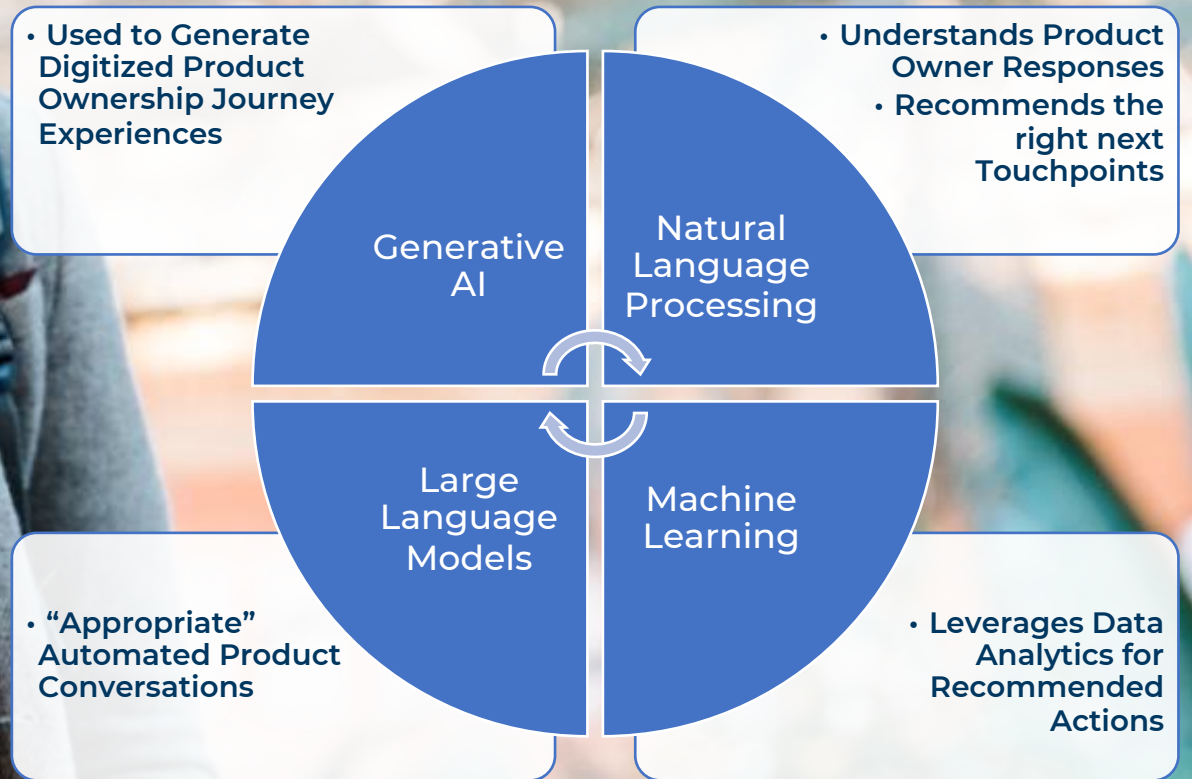

## What you want:

- ✓ A direct channel to receive voluntary customer information, including *interests, preference, motivations, and needs.*

## What it delivers:

- ✓ Information that enables personalization leading to loyalty and retention.

# AI Models are Fueled by Unboxing, Usage, and Product Care Data Personalizing Connections.

# Connect the lifecycle of your products with the lives of your consumers.

## Attributes & Characteristics of Products:

- ✓ Usage
- ✓ Storage
- ✓ Maintenance
- ✓ Care
- ✓ Size
- ✓ Version

## Attributes & Characteristics of Product Owners:

- ✓ Needs (experience level)
- ✓ Wants
- ✓ Lifestyle
- ✓ Behaviors
- ✓ Location
- ✓ Environment

# SMS creates a highly connected experience.

*Interactive Dialogues, Skill and Usage Triggers,  
Personalized Based on a lifetime of Active Data*

Would you like help fitting your new harness to your dog? We can walk you through it.

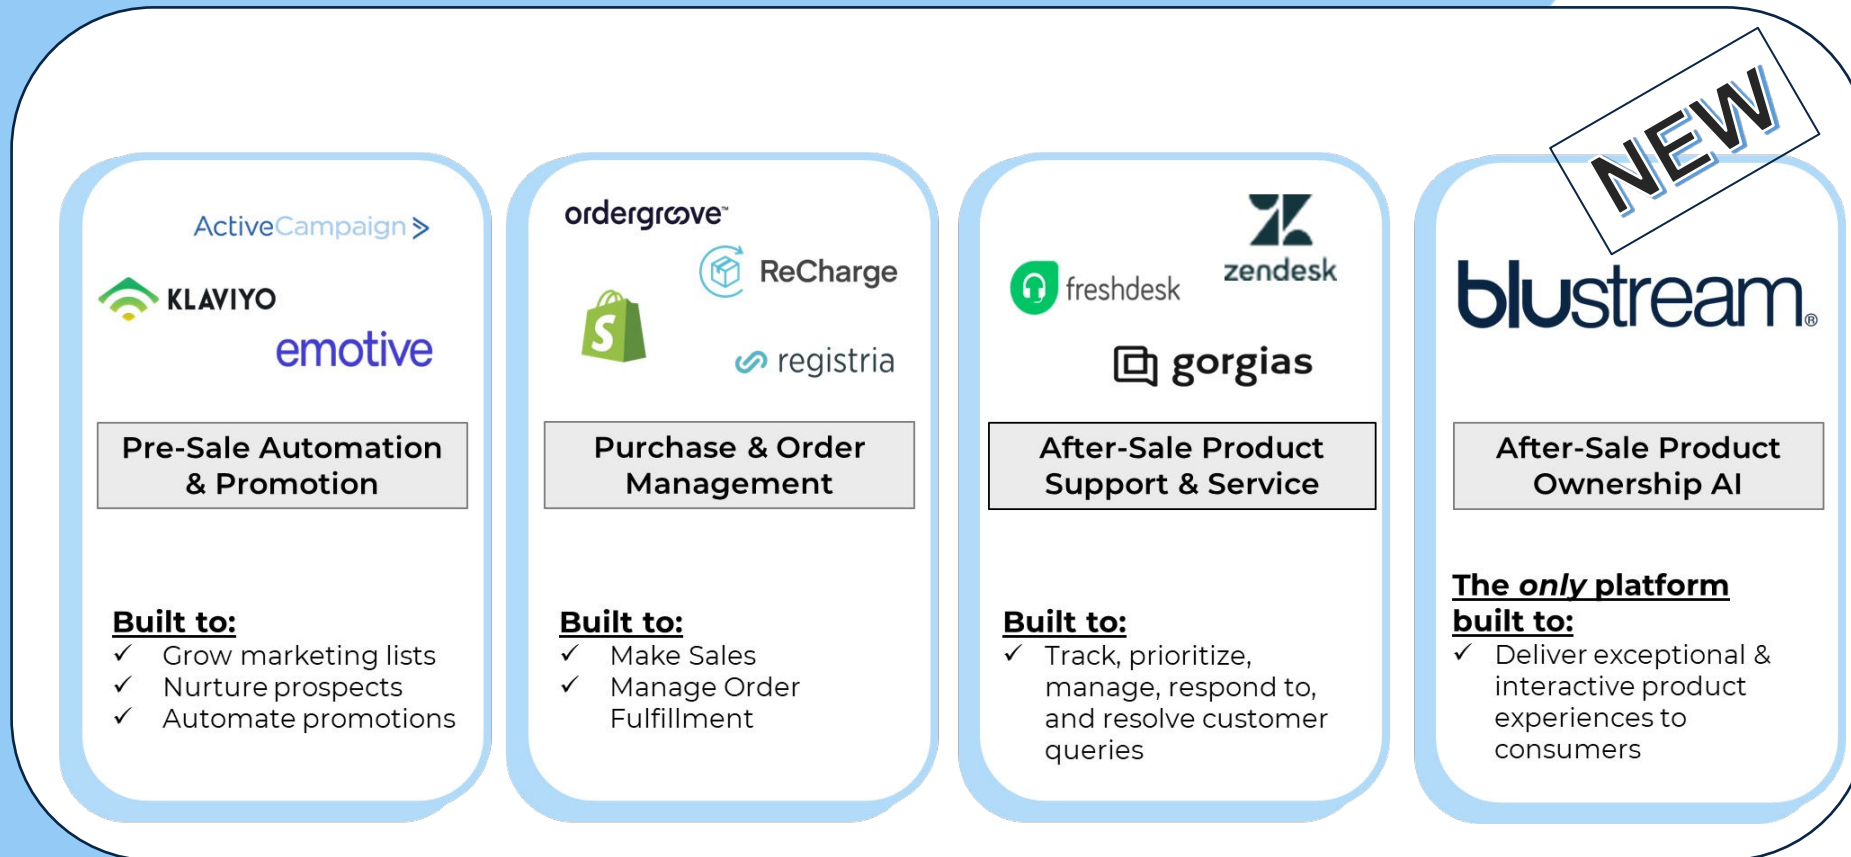

Your dog already mastered the puzzle toy? What a smart boy! Here are some tricks to add some complexity to the toy.

Have you given your dog supplements before? We have some tips to help make it more palatable for them.

Rut-roh. It's time for an at-home nail trim. You can do this! Would you like a refresher on how to approach this aspect of grooming?

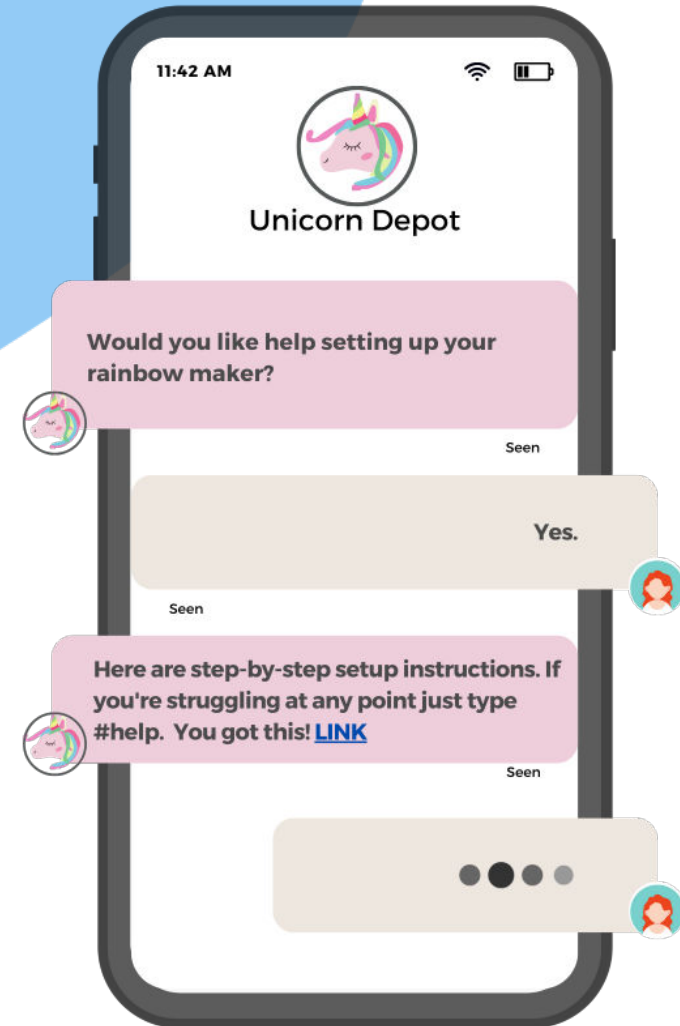

# Product Ownership AI Provides New Data & Insights to Existing Systems.

**Is there an easy, step-by-step  
approach to utilize  
AI & SMS in my products?**

# Step 1: Digitize existing instruction & care guides for SMS conversations

# Step 2: Sign up subscribers

## Tips to Maximize Opt-Ins:

- Include opt-in options in as many locations as possible
- Make opting in special by branding the experience around a VIP club or enthusiast community
- Offer giveaways or incentives for opting in.
